

Leave No American Behind

In terrorist-controlled Afghanistan

I, _____, pledge that as a Member of Congress, I will fulfill my duty to serve America by working to ensure each American citizen in Taliban-controlled Afghanistan is able to immediately return to their home in the United States of America.

I pledge to immediately demand the Biden Administration present and execute a concrete plan to get the remaining American citizens out of Afghanistan.

I am committed to saving these lives because leaving our fellow citizens behind is simply not an option.
